

PCMH Meeting Notes  
Education Subcommittee  
May 9, 2012

**Members Present :**

**Dr. Deborah Agnew**, Billings Clinic  
**Dr. Jon Griffin**, St. Peter's Medical Group  
**Paula Block**, Montana Primary Care Association  
**Janice Mackensen**, Mountain Pacific Quality Health Foundation  
**Carol Kelley**, Bozeman Deaconess and MGMA

**Interested Parties Present:**

Kristin Juliar, Montana Office of Rural Health  
JP Pujol, New West Health Services

**CSI Staff Present :**

Amanda Roccabruna Eby  
Dr. Bob Shepard--contractor

1. Dr. Agnew called the roll at 1:05 PM. Dr. Griffin moved and Paula Block seconded a motion to approve the notes from the last meeting.
2. Evaluate 1<sup>st</sup> 3 webinars, adjustments to make for remaining 2 webinars?  
There was plenty of positive feedback from both the council and the audience that had been on the webinars. Audience members commented in email exchanges with CSI that they appreciated the personal touch. CSI has to put webinar attendees with questions in touch with council members or other good mentors for peer-to-peer support. There weren't any suggested adjustments to make for the remaining two webinars. The group agreed that the framework for payment and quality metrics webinars would be very important.
3. Review resources webpage  
The subcommittee agreed that the page was developing well and CSI staff should continue to add to it. CSI staff suggested changing the layout of the page as it gets longer to make it more reader friendly so people don't have to scroll down so far. The subcommittee asked CSI staff to find out how many hits the resource page is getting
4. Conference schedule  
Dr. Agnew reported positive feedback from the Primary Care Symposium at Billings Clinic where she presented with Commissioner Lindeen; attendees commented that it was a great Montana level focus. Carol Kelley also reported positive feedback from the MGMA conference in Missoula where Commissioner Lindeen and Dr. Shepard presented; the audience only wished they had heard more information on other CSI activities. The subcommittee asked CSI staff to update the conference schedule on the website to reflect the report on past conferences and show more details of upcoming conferences. Dr. Griffin was scheduled to give health information technology presentations at several upcoming conferences and was planning on incorporating content on the PCMH concept and the Advisory Council as well. Members suggested CSI staff get on the schedule for the Health Share Montana stakeholder meeting scheduled for July 12<sup>th</sup>.
5. Brainstorm plan moving forward for in-person educational tour targeted to patients  
The group discussed physician led forums in addition to the Commissioner leading community meetings for the public about the PCMH initiative. Members agreed that they should try to hold these events in all of the major Montana cities and simultaneously build support for the PCMH

bill as they educate patients about the concept. Many ideas were brought forth, no decisions were made, and the subcommittee decided to formalize the ideas into more concrete plans at the next meeting once the webinars have conclude

6. Assignments

No assignments will be made until the webinars have concluded. Once the webinars have concluded CSI staff will work with Dr. Shepard to give a final report on the webinars to the council.

7. Meeting Schedule

The next meeting will be June 13<sup>th</sup> at noon.

Adjournment 1:05
